Indigenous Map

A giant floor map designed to help foster understanding of #Indigenous history and perspectives was on display at our school last week!

The 11 x 8 metre map – the cornerstone of the Indigenous Peoples Atlas of Canada, was created by the Royal Canadian Geographic Society in collaboration with The Assembly of First Nations, Inuit Tapiriit Kanatami, The Métis National Council, and the National Centre for Truth and Reconciliation.

The map is intended to explore the past, present and future of Indigenous Peoples in Canada using Indigenous symbols and datasets. It can be walked on and is accompanied by educational resources and activities.

We incorporated STEM by coding robots to travel to various points on the map using cardinal and ordinal directions!
