June STEM Assembly

All students are asked to bring an empty tin can (from canned vegetables or soup) or container around that size for our June 11 STEM assembly.

Honey Fundraiser

We are BUZZING with excitement! This week our students went to BEE SCHOOL and learned about bees and honey-making and even sampled fresh honey. Now is your chance to support St. Angela and get some amazing-tasting honey. Please return the completed order form and cash to the office by June 14 and honey orders will be processed and filled before the last day of school.

Family Picnic

Thank you to all the families who joined us for a picnic lunch this week. Our students were overjoyed to spend special time with their families during the school day. We are blessed!

STEM Assembly

Our STEM Assembly focused on the Science, Technology, Engineering and Mathematics that exist within cooking! Students explored chemical reactions and states of matter and heard about real-world career connections from Chef Adam. Our learning was topped off by preparing, observing and enjoying root beer floats!

Talent Show

On the morning of June 26, we will be having our St. Angela Talent Show. Due to an overwhelming number of performers in previous years, we have changed the format for this year. Between June 10 and June 20, students who wish to take part, will have individual class talent shows. The top performers from each class will be invited to perform their act for the school-wide talent show on June 26.

Students will be informed on or before June 21, if they are selected to perform for the school. Families are welcome to attend the school-wide talent show on June 26.

Upcoming Dates

June 19 – Social Studies PAT

June 20 – Kinder Grad

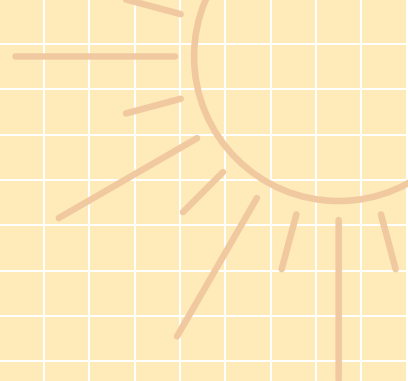

June 21 – Fun Day/Indigenous Peoples' Day

June 25 – Year-End Mass and Gr. 6 Farewell

June 26 – Talent Show/Last Day of Instruction
